

GLOBAL DIVERSITY, EQUITY & INCLUSION CERTIFICATION PROGRAM

Unlock Your Career Potential

WHY SHOULD ORGANIZATIONS PRACTICE DIVERSITY, EQUITY AND INCLUSION?

On 25 September, 2015, all of 193 member countries of the United Nations adopted the "2030 Agenda" a plan of Action for People, Planet, Prosperity, Peace, and Partnership" for Sustainable Development Goals (SDGs), 6 out of 17 SDGs focus on D&I through effective, accountable and inclusive institutions. Organizations today are dedicated to serving all stakeholders, including customers, employees, suppliers, regulators, shareholders and society at large. Future-focused organizations want to ensure long-term sustainability of our world and the people in our world.

According to McKinsey & Company 2020 research, companies with greater gender diversity were 25% more likely to experience above-average profitability compared to their counterparts. Similarly, companies with greater ethnic and cultural diversity were 36% more likely to experience above-average profitability compared to their counterparts.

Stakeholders are becoming more globally diverse and networked, as organizations are increasingly mobile in their teams, supply chains, shared services, operational processes and outsourcing.

WHAT ARE GLOBAL DIVERSITY, EQUITY AND INCLUSION BENCHMARKS STANDARDS?

Global Diversity, Equity & Inclusion Benchmarks (GDEIB) are the standards for organizations round the world. The GDEIB helps organizations determine strategy and measure progress in managing diversity and fostering inclusion.

GDEIB authors are the copyright holders and owners of the GDEIB – Nene Molefi, Julie O’Mara, and Alan Richter - will continue offering the free GDEIB, will honour the User Agreements, and will continue offering support effective immediately.
